My dear & valued Friend

GARRISON MSS.

I affectionately welcome
you to this country, and trust this visit
will be a happy one to yourself, as
well profitable to the cause of God
and the happiness of mankind.

Though I heard of your
arrival some days since, I did
not know your address until
this morning, which Mr Estlin
kindly sent me from Lynton N.
Devon.

I learn with much pleasure
that the friends of the A. A. S. S.

are about to from a society in London
May the Lord prosper your labors.

CARRISON MSS.

Mr. G. tells me that that
you have partly promised to
visit Bristol now, my dear friend, let
me have the other part of your
promise, and say when we
may hope to see you. Dear
R. G. Wright has partly pro-
mised also. Please give my
kind love to him as say I hope
to see him at the same time. My kind
love to Geo. Thomson. If he could
come what a delightful Trio
we should have! I do think

it very desirable to form a Bristol Anti Slavery Society in connection with yours.

Your ever affectionate Friend

Henry [redacted] Howells
